Who we are

NORR11 is a design company founded in 2011 with a vision to continuously create design that sparks curiosity.

We are driven by the desire to challenge boundaries and barriers between disparate time periods, design schools, trends and materials.

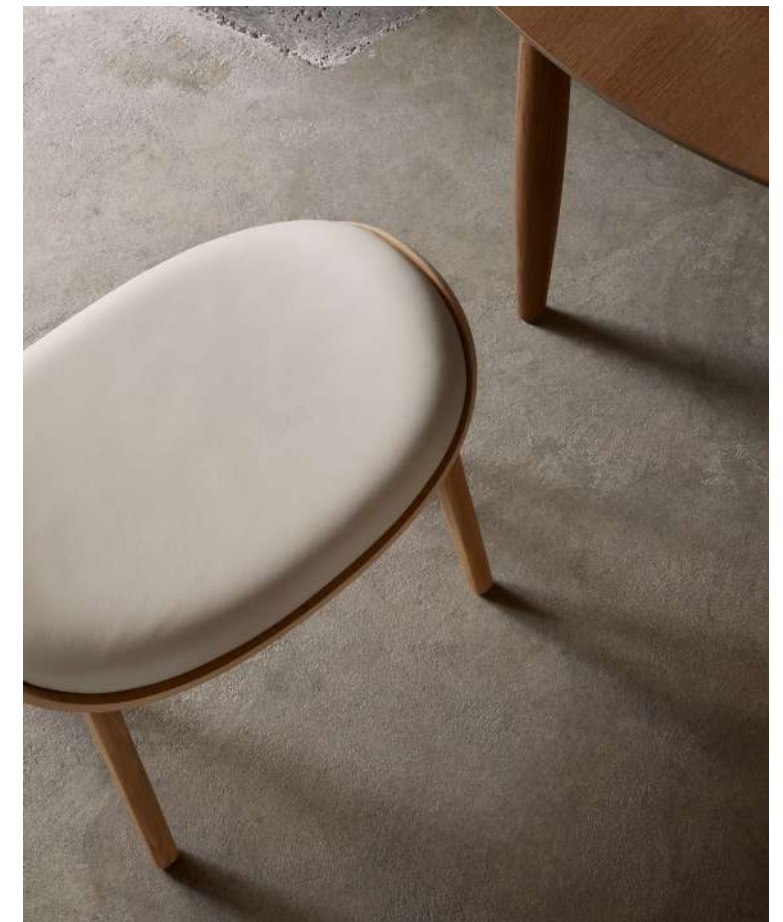

*A sophisticated
feel with a
young spirit*

Crafted with
genuine materials,
our pieces are
made to be used
and *built to last*

Right: Elephant Stool, Sørensen Leather Spectrum Mineral, Natural Oak

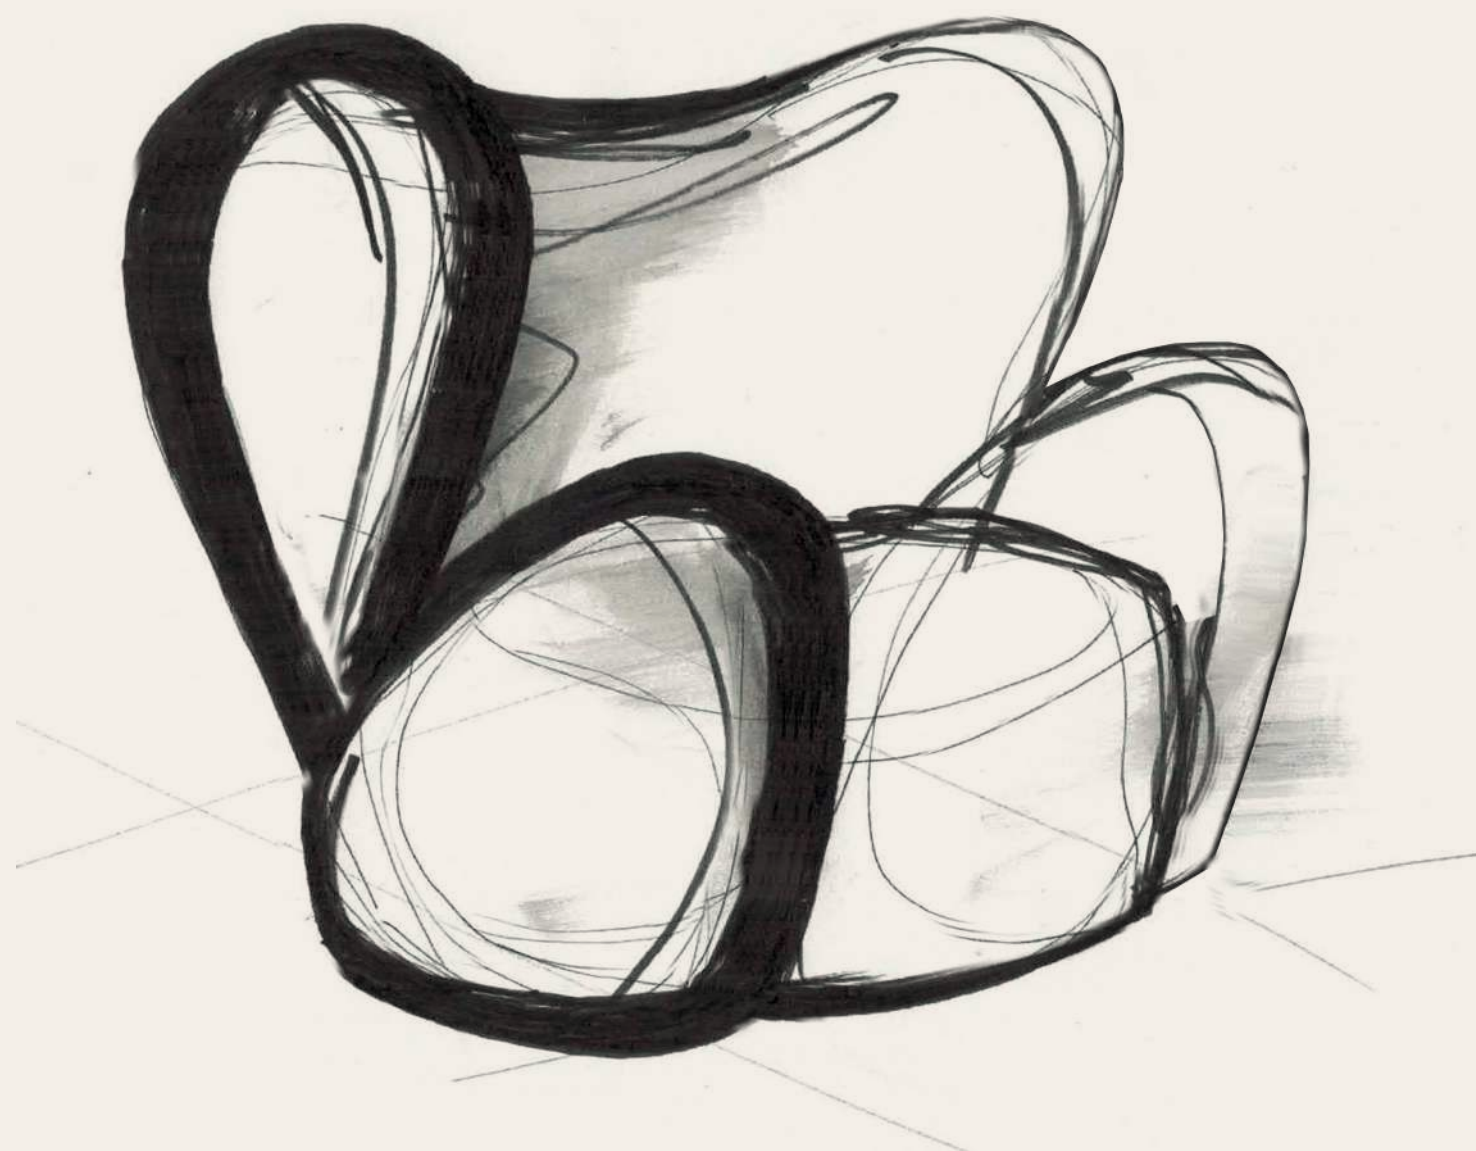

We believe that the most sustainable product is a product that can withstand the test of time, aesthetically and functionally.

We work with responsibly sourced, honest materials and strive for a zero waste policy in our production. To increase the lifespan of furniture, we offer replaceable parts to many of our products.

Big

With its sculptural and organic shapes, the Big Series is a welcoming lounge collection. The soft back wraps around you and the hidden swivel base accentuates that feeling of being cocooned.

Left: Little Big Chair, Kvadrat Savanna 0122 / Cubism Small, Travertine Stone / Gallery Wall Lamp

Bufala

Right: Bufala Chair, Sørensen Leather Dunes Anthrazite, Dark Smoked Oak / Bufala Chair, Sørensen Leather Envy Olive, Dark Smoked Oak

With rich wood grain, the Bufala Chair has a distinctive appearance to match its high quality, solid wood construction. The back is made with a special production technique pressing multiple layers of oak veneer in a compression mold, forming the characteristic buffalo horn shape that provides back and arm support.

Cubism

Made from travertine stone, Cubism is all about embracing the qualities and beauty of the material, which for centuries has been used in classical architecture around the world. The natural stone has an irregular surface with small holes and imperfections, adding a tactile quality to the geometric shape.

Cubism comes in two sizes and is suitable for many purposes, such as coffee tables, side tables and plinths to exhibit objects.

Right: Duke Small, Antique White / Duke Large, Antique White / Man Lounge, Sørensen Leather Spectrum Autumnn

Duke

Made of powder-coated steel, the Duke table is a multifunctional piece of furniture that comes in three different sizes. The tray top can easily be lifted and the base can be rotated to different heights. Combining all three sizes together creates a landscape complimenting any setting.

Right: Elephant Lounge Chair, Sheepskin Moonlight, Light Smoked Oak / Man Daybed, Sørensen Leather Duet Gold / Soho Coffee Table Low, Travertine Stone / Soho Coffee Table Tall, Travertine Stone

Elephant

The Elephant Series is a modern interpretation of Scandinavian minimalism combined with Japanese aesthetics.

The collection consists of a variety of light and elegant seating pieces, where the elephant ear-shaped back gently curves around the body, providing superior comfort.

Fin

Right: Mammoth Chair, Kvadrat Savanna 0122, Light Smoked Oak / Fin Side Table, Light Smoked Oak

The Fin side table is a minimal furniture piece, designed with the intention to fit many different interior settings. Fin comes with a top of solid oak with rounded edges, making it paper-thin when seen from one angle and solid from another. The table has two turned oak timber legs, contrasted by a fin-shaped leg of massive oak.

Right: Gear Coffee Table, Earth / Gear Side Table, Earth / Studio Sofa, Sahco Zero 0012

Gear

The Gear series is inspired by Brutalist Architecture from the mid-20th century. The sculptural coffee and side tables are designed as block-like structures, reflecting architectural building components of concrete.

The Gear tables come with a circular tabletop, resting on top of three cylinder shaped legs. The legs are characterised by a fluted detail, adding a refined and organic signature to the design.

Right: Ghost Coffee Table / Ghost Side Table

Ghost

Ghost is a collection of solid tables in cast aluminium. The elegant tables are cast with three pointed legs and a concave top, the curve of which beautifully highlights the qualities of the material.

The tables are not polished once removed from the mold, giving them a unique, rough surface texture. This raw aluminium is powder coated and then hand painted, which gives it a beautiful and diverse surface, which alternates between a matte and a reflective finish.

Hippo

Designed to captivate attention from all angles, the Hippo series leaves a lasting impression.

Soft, playful shapes characterise this family of upholstered pieces with the design influenced by the barrel-shaped torsos of the hippopotamus.

Jagger

Inspired by iconic 70s furniture design and sunken lounge interiors, reinterpreted in a fresh and contemporary way. Suitable for all interiors with endless possibilities and combinations of modules to create a dreamy and fluid space.

Jagger is available in two versions; as a lounge sofa or as a higher version for dining. Each version consists of a wide range of segments that can be configured as desired.

A minimalistic concept with endless possibilities.

JFK

Right: JFK Home Desk, Dark Smoked Ash / Bufala Chair, Sørensen Leather Spectrum Autumn, Dark Smoked Oak / Quartz, Chalk / Fuji Wall Lamp, Small

With its pure and simple design, the 60s inspired JFK Desk is designed for stylish office spaces. The desk has a slim table top of ash veneer with three inbuilt drawers and a hidden space for a powerbank, making it easy to power a laptop, table lamp or smartphones.

The desk is available in two versions, with four conical legs or with height adjustable hydraulic legs, both with a matte black finish.

Right: Langue Steel, Sørensen Leather Terra Clay, Black Steel

Langue

The Langue series is a versatile furniture series with nearly unlimited potential combinations. With its gently curved, flexible seat, Langue offers comfort and an elegant aesthetic.

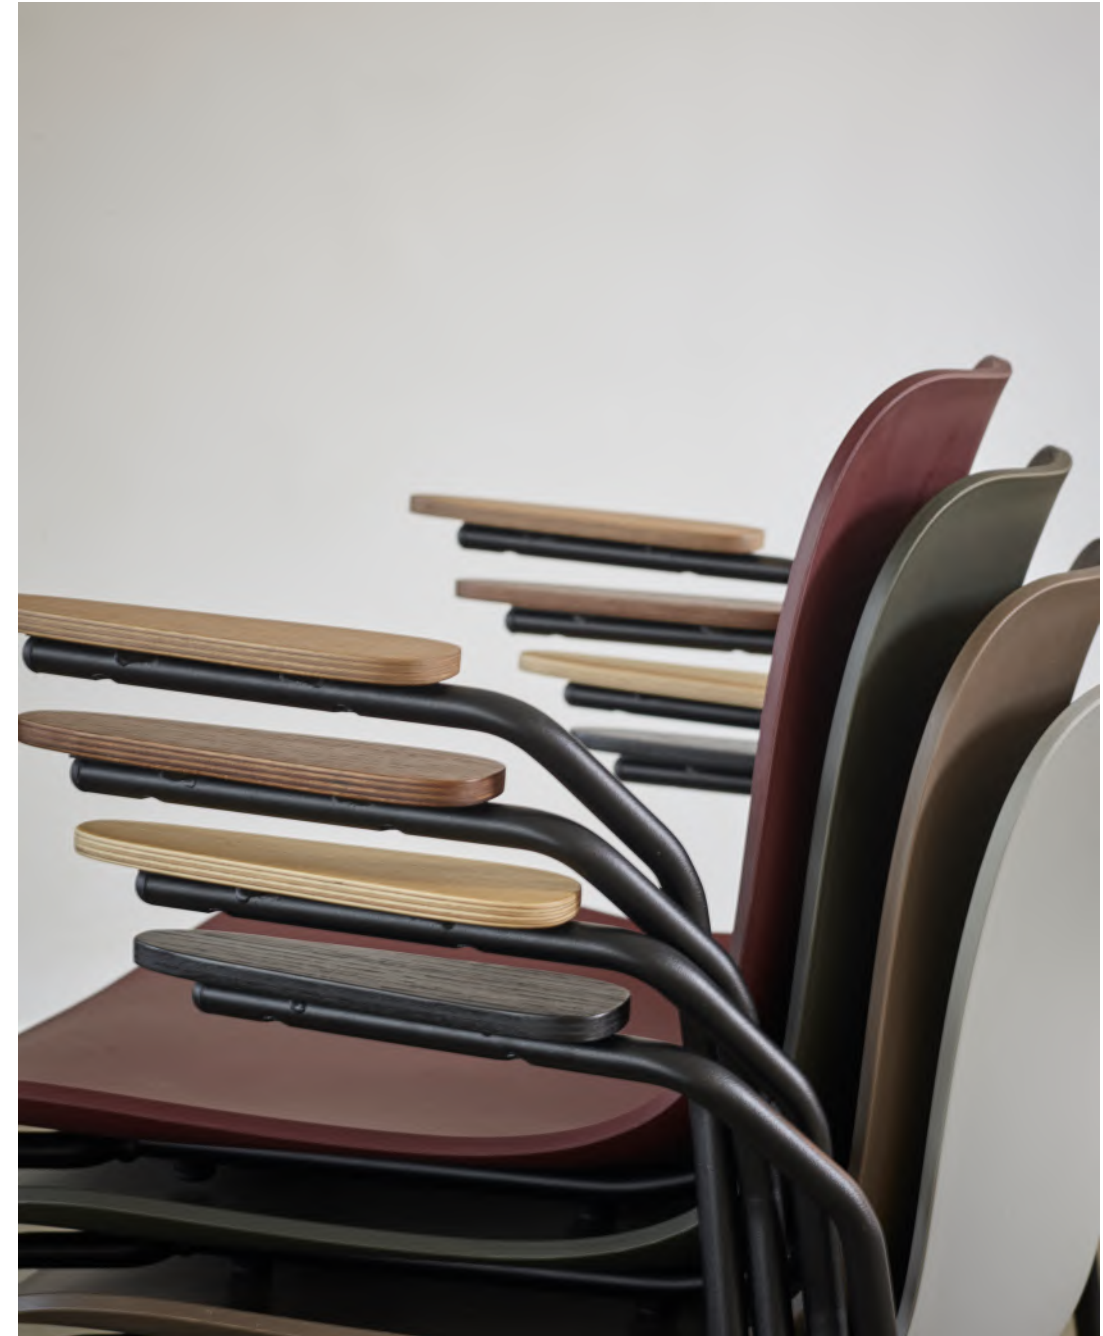

The wide range of possible combinations of frame, seat materials and leg options enables the collection to be customised to each and every setting without compromising its fundamental concept of simple, functional chairs.

Le Roi

The French royal inspired Le Roi collection is made of solid ash with inlaid natural handwoven French rattan.

The tactile French rattan creates translucent surfaces highlighting the beautiful and simple construction of the Le Roi pieces.

Liège

Light and soft to the touch, the Liège Pouf is shaped like the characteristic champagne cork.

Made from plywood and foam finished with refined upholstery work, the Liège Pouf adds a quietly neutral or boldly colorful focus to any space.

Right: Mammoth Chair, Kvadrat Savanna 0122, Light Smoked Oak / Fin Side Table, Light Smoked Oak

Mammoth

The Mammoth Series is characterized by the high back, hugging wings and fluffy upholstery which provides superior comfort and a sense of privacy.

The seat and back are formed from the same compression mold, giving the chair and the sofa its signature clean, minimalistic look. The Mammoth Series is ideal for spaces such as hotel lobbies and offices, while also serving as a statement piece for private homes.

Man

Right: Elephant Lounge Chair, Sheepskin Moonlight, Light Smoked Oak / Soho Coffee Table Low, Travertine Stone / Soho Coffee Table Tall, Travertine Stone / Man Three Seater, Sørensen Leather Spectrum Mineral

The collection references the 1950s and 1960s Danish furniture design, a period inspired by the Bauhaus movement where simple and clean shapes were in focus.

Minimal detailing and a stylish, clean expression demonstrate the Bauhaus influence in the Man furniture series. The frame, combining steel and canvas, gives the collection a raw yet sophisticated appeal that perfectly complements the contemporary aesthetic.

New Wave

New Wave is a minimal sofa design inspired by Danish sofas from the 50s. New Wave's curvy design is distilled into three elements - base, back and cushion.

Each element is carefully designed according to its function, making the New Wave both an elegant and highly refined sofa design.

Right: Nomad, Black

Nomad

The Nomad chair is a Nordic interpretation of the traditional Moroccan wicker chair. Crafted by skilled artisans, it features a large seat and back made from two molded bamboo frames with inlaid handwoven French rattan.

The semi-transparent French rattan gives the large surface a light expression and highlights the beautiful construction. Due to the handmade nature of the chair, subtle imperfections may occur, endowing each piece with a distinct charm.

Right: NY11 Bar Stool, Sørensen Leather Ultra Black 41599, Dark Smoked Oak / Gallery Wall Lamp

NY11

Inspired by traditional Danish elementary school chairs, the NY11 series consists of dining chairs, bar chairs and stools of different heights.

Just like school chairs, NY11 pieces had to be both comfortable and very durable. The result is a simple and honest design with a timeless expression.

Oku [Jpn.: Ōku] refers to the essence of the design - oak. Through experiments with the balance between lightness and heaviness - paper-thin when seen from one angle and solid from others, the material has been emphasised in a simple design.

The Oku table top is produced in oak veneer with rounded edges, adding a refined detail to the large surface. The legs of turned oak are staggered to create the illusion of a floating tabletop while adding sculptural detail to the table.

Right: Hippo Sofa, Barnum Bouclé Col 24 / Oku Coffee Table, Black Oak

Right: Studio Sofa, Sahco Zero 0012 / Quartz, Chalk

Quartz

Inspired by the natural crystal shape of the quartz stone, Quartz changes its appearance when seen from different angles. Quartz is a versatile stone-like object, suitable as a side table, plinth or sculpture. Owing to the raw materiality of hand-painted reinforced fiber concrete, the surface of Quartz has a unique and tactile texture.

Riff

Right: Riff Sofa, Sahco Zero 0012 / Elephant Lounge Chair, Sørensen Leather Spectrum Mineral, Natural Oak / Quartz, Chalk / Ghost Coffee Table

The Riff Sofa is a study on the classic modular sofa, elaborating on the simple boxy modules. The fluted upholstery adds a certain rhythm to the minimalist sofa modules and turns the modular sofa into a refined piece of furniture.

The word Riff comes from the world of jazz music and means “to borrow and elaborate on”.

Samurai

The Samurai is a low-slung lounge chair, the construction of which is inspired by Japanese wood joinery and the Danish stick chairs of the 1950s. The Samurai is a highly considered piece of chair making which marries turned oak sections and high quality saddle leather in order to create a robust yet supportive and comfortable seat.

The seat is mounted with brass rivets in order to achieve maximum strength, whilst the back is mounted with adjustable leather straps and brass buckles.

Right: Shanghai Chair, Sørensen Leather Spectrum Marble, Dark Smoked Ash

Shanghai

The back and the armrest play a central role in the Shanghai chair's construction, giving it an iconic shape and firm support. The beauty of the ash wood is an integral part of this chair's expression, creating a piece of furniture from a simple structure and minimal detailing, uniting Asian and Scandinavian furniture design.

Right: Hippo Chair, Barnum Bouclé Col 24, Light Smoked Oak / Soho Dining Table, Travertine Stone / Gallery Pendant

Soho

Rich in architectural references, the Soho collection reminisces architectural building facades to create a vertical and slim table design. The fluted surface of natural stone adds tactility, while shadows play upon the sense of depth and character of the stone's surface throughout the day.

Soho is made from travertine with a beautiful natural surface of small holes and imperfections. Made from travertine plates, the table is still lightweight and easy to move around.

Studio

Studio is defined by its bold fluted upholstery characteristics inspired by late 70s sofa styles, refined in a contemporary way - giving the series a unique identity.

Featuring a versatile yet simple system of modules, available in a variety of options to form numerous settings, shapes, and styles, Studio seamlessly blends into all sorts of environments, be it a small living space or a spacious public setting.
